

AAFP Resolution Policy

WAFP opens the call for resolutions to be considered at the WAFP Annual Business Meeting. Resolutions submission deadline is July 1 to allow time for resolution review by the delegation and approval by the Executive Committee/Board of Directors.

When a resolution has been submitted to the WAFP office, there are three courses of action the delegation may take:

1. Resolutions the delegation deems appropriate and recommends submission to AAFP will be submitted to the Executive Committee/Board of Directors for discussion and approval. This can be done in person or electronically as deadlines allow.
2. Resolutions the delegation determines need some additional work will be sent back to the author(s) with feedback and requests for edits, background, and/or clarification. Once the final draft is received, the revised resolution will be submitted to the Executive Committee/Board of Directors for discussion and approval.
3. Resolutions the delegation does not wish to support is determined at the discretion of the delegation.
